Packaging should be blister pack, easily peelable or tearable (for safe dispensing of needle in sterile field), Each packaging should have clearly visible labelling of the type of needle tip, gauge and length of the needle as well as the expiry date and sterility, International colour coding for easy identification of needle sizes, Needle protector to keep needle sterile until remove for use, Specialized fitted stylet for reduction of tissue coring.		136,000	2,284,800.00
6	Disposable, sterile, spinal needle whitacre pencil point tip and introducer and transparent hub size 26G x 90mm. Packaging should be blister pack, easily peelable or tearable (for safe dispensing of needle in sterile field), Each packaging should have clearly visible labelling of the type of needle tip, gauge and length of the needle as well as the expiry date and sterility, International colour coding for easy identification of needle sizes, Needle protector to keep needle sterile until remove for use, Specialized fitted stylet for reduction of tissue coring.	Mauri Sure Consumables Ltd 421, Route Bassin Quatre Bornes	125,000	2,087,500.00

7	Disposable, sterile, individually packed, Guedel Oropharyngeal airways, made of medical grade PVC or EVA (Ethylene Vinyl Acetate), smooth rounded distal end with rigid bite block and international colour coding, size 000, length 3cm-5cm. Size marking to be engraved on airway face.	Mauri Sure Consumables Ltd 421, Route Bassin Quatre Bornes	20,000	159,000.00
8	Disposable, sterile, individually packed, Guedel Oropharyngeal airways, made of medical grade PVC or EVA (Ethylene Vinyl Acetate), smooth rounded distal end with rigid bite block and international colour coding, size 00, length 4cm-6cm. Size marking to be engraved on airway face.		18,000	143,100.00
9	Disposable, sterile, individually packed, Guedel Oropharyngeal airways, made of medical grade PVC or EVA (Ethylene Vinyl Acetate), smooth rounded distal end with rigid bite block and international colour coding, size 0, length 5cm-7cm. Size marking to be engraved on airway face.		17,000	135,150.00
10	Disposable, sterile, individually packed, Guedel Oropharyngeal airways, made of medical grade PVC or EVA (Ethylene Vinyl Acetate), smooth rounded distal end with rigid bite block and international colour coding, size 1, length 6cm-8cm. Size marking to be engraved on airway face.		20,000	159,000.00
11	Disposable, sterile, individually packed, Guedel Oropharyngeal airways, made of medical grade PVC or EVA (Ethylene Vinyl Acetate), smooth rounded distal end with rigid bite block and international colour coding, size 2, length 8cm-10cm. Size marking to be engraved on airway face.		25,000	198,750.00
12	Disposable, sterile, individually packed, Guedel Oropharyngeal airways, made of medical grade PVC or EVA (Ethylene Vinyl Acetate), smooth rounded distal end with rigid bite block and international colour coding, size 3, length 9cm-10cm. Size marking to be engraved on airway face.		20,000	159,000.00

13	Disposable, sterile, individually packed, Guedel Oropharyngeal airways, made of medical grade PVC or EVA (Ethylene Vinyl Acetate), smooth rounded distal end with rigid bite block and international colour coding, size 4, length 10cm-12cm. Size marking to be engraved on airway face.	Mauri Sure Consumables Ltd 421, Route Bassin Quatre Bornes	20,000	159,000.00
14	Facemask inflatable transparent/anaesthetic, not autoclavable, size 1		300	13,140.00
15	Facemask inflatable transparent/anaesthetic, not autoclavable, size 3		300	13,140.00
16	Facemask inflatable transparent/anaesthetic, not autoclavable, size 4		500	21,900.00
17	Facemask inflatable transparent/anaesthetic, not autoclavable, size 5		460	20,148.00
18	Facemask inflatable transparent/anaesthetic, not autoclavable, size 6		380	16,644.00
19	Disposable, clear, sterile, individually packed, Endotracheal tube, made of medical grade PVC with low pressure cuff, size 2.5, graduated in cms. Tube to be provided with Murphy's eyes, continuous x-ray marker and black position indicator for correct tube placement.		15,000	285,000.00
20	Disposable, clear, sterile, individually packed, Endotracheal tube, made of medical grade PVC with low pressure cuff, size 3.0, graduated in cms. Tube to be provided with Murphy's eyes, continuous x-ray marker and black position indicator for correct tube placement.		15,000	285,000.00
21	Disposable, clear, sterile, individually packed, Endotracheal tube, made of medical grade PVC with low pressure cuff, size 3.5, graduated in cms. Tube to be provided with Murphy's eyes, continuous x-ray marker and black position indicator for correct tube placement.		15,000	285,000.00
22	Disposable, clear, sterile, individually packed, Endotracheal tube, made of medical grade PVC with low pressure cuff, size 4.0, graduated in cms. Tube to be provided with Murphy's eyes, continuous x-ray marker and black position indicator for correct tube placement.		14,000	266,000.00

32	Disposable, individually packed, sterile endotracheal tube with cuff, size 9.0. Tube to be provided with Murphy's eyes, continuous x-ray marker and black position indicator for correct tube placement.	Mauri Sure Consumables Ltd 421, Route Bassin Quatre Bornes	500	11,500.00
39	Catheter mount for anaesthetic breathing system, single use disposable, peel pouch sterile packing, made of medical grade PVC material, corrugated, flexible and transparent tubing of length of 10 cm, proximal end of standard 22 mm taper connector, distal end to be adaptable to 15 mm standard tracheal tubes, double swivel elbow with luer lock port for gas sampling with cap.		21,000	609,000.00
59	Catheter mount for anaesthetic breathing system, single use disposable, peel pouch sterile packing, made of medical grade PVC material, corrugated, flexible and transparent tubing of length of 15 cm, proximal end of standard 22 mm taper connector, distal end to be adaptable to 15 mm standard tracheal tubes, double swivel elbow with luer lock port for gas sampling with cap.		5,000	216,000.00
Total Contract Amount				7,527,772.00
